Supporting Statement—1989 HUD Reform Act, Section 102— Accountability

A. Justification

1. Explain the Circumstances That Make the Collection of Information Necessary

Section 102 of the HUD Reform Act of 1989 requires the Department to ensure greater accountability and integrity in the provision of certain types of assistance administered by the Department. One feature of the statute requires certain disclosures by applicants seeking assistance from HUD, and from States and units of local

government, of other assistance to be used with respect to the activities to be carried out with the assistance. The disclosure includes the financial interests of persons in the activities, and the sources of funds to be made available for the activities and the use to which the funds are to be put.

Each applicant who submits an application for assistance within the jurisdiction of the Department to HUD, or to a State or to a unit of general local government, for a specific project or activity must disclose this information whenever the dollar threshold is met. This information must be kept updated during the application review process and while the assistance is being provided.

2. Indicate How, by Whom, and for What Purpose the Information Is To Be Used and the Consequence to Federal Program or Policy Activities If the Collection of Information Was not Conducted

This legislation was developed to ensure greater accountability and integrity in the provision of certain types of assistance administered by the Department. The Department is required to publish in the **Federal Register** the availability of assistance, application requirements and procedures, the selection criteria to be used, and the resulting funding decisions. HUD must also provide for public inspection of all documentation and other information which indicate the basis for either providing or denying the assistance being requested.

Applicants for assistance are required to disclose information concerning other

governmental assistance they have obtained or is pending for the same project, as well as information about the key individuals involved with the proposed project/activity. This information will assist the Department in having an accurate assessment of the extent of government funding for a project as well as information regarding the key personnel involved. The disclosure requirement would be the only way in which this information could be obtained.

3. Describe Any Consideration of the Use of Improved Information Technology to Reduce Burden and Any Technical or Legal Obstacles to Reducing Burden

It would be difficult to determine the extent to which applicants for HUD assistance have advanced information technology equipment on hand. Therefore, it would not be appropriate for the Department to mandate the use of a particular software. The form which has been designed to capture the required data however could easily be computer generated.

4. Describe Efforts to Identify Duplication

This reporting requirement is new to the Department. It is explicitly mandated by Section 102 of the Housing Reform Act of 1989, approved December 15, 1989. There is no duplication.

5. Show Specifically Why Any Similar Information Already Available Cannot Be Used or Modified for the Purpose Described in 2.

The information that is being required for disclosure has not been previously requested.

6. If the Collection of Information Involves Small Businesses or Other Small Entities, Describe the Methods Used to Minimize Burden

An applicant for assistance within the jurisdiction of the Department will not be required to make the disclosures if they will not receive an aggregate amount of all forms of such assistance in excess of \$200,000 during the fiscal year in which the application is submitted. Setting the threshold at this level should exclude most small entities from the reporting requirement.

7. Describe the Consequences to Federal Program or Policy Activities If the Collection Were Conducted Less Frequently

This requirement is part of the assistance application process. As such, it is not a periodic report, but instead should be viewed as a one-time requirement. It is intended to provide information necessary to the review process.

8. Explain Any Special Circumstances That Require the Collection To Be Conducted in a Manner Inconsistent With the Guidelines in 5 CFR 1320.6

None.

9. Describe Efforts to Consult With Persons Outside the Agency to Obtain Their Views on the Availability of Data

The Department published a proposed rule to implement Section 102 on June 19, 1995 (55 FR 25036). Comments on the proposed rule were received and considered.

10. Describe Any Assurance of Confidentiality Provided to Respondents and the Basis for the Assurance in Statute, Regulation, or Agency Policy

None. There is no purpose for confidentiality since the legislation

includes specific requirements for the government to make all information regarding applications for HUD assistance available for public inspection.

11. Provide Additional Justification for Any Questions of a Sensitive Nature

Questions involving financial interest are statutorily mandated.

12. Provide Estimates of Annualized Cost to the Federal Government and to the Respondents

Federal Government

The cost to the government can be broken down as follows:

No. of reviews of disclosed information	16,900
No. hours to complete a review45
Cost for total no. reviews: (@\$30/hr.)	\$228,000

Respondent

The cost to respondents to disclose the data HUD is requiring is estimated at \$557,700. This number is for the total number of applicants meeting the \$200.00 threshold and is based on the following assumptions:

Current hourly wage is estimated at \$15 per hour. Each applicant must disclose three types of information: a listing of other government assistance that is expected to be made available for the project, a listing of all interested parties including any developers, contractors, and consultants, and a report of all sources and uses of funds. The time required to prepare this information is estimated at 2.2 hours per initial submission.

No. of disclosures (including updates)	Hours	Rate	Total
16,900	2.2	\$15	\$557,700

13. Provide estimates of the Burden of Collection of Information

This is a new requirement. The following matrix provides an estimate of

the burden on respondents meeting the threshold necessitated by the disclosure report.

	Number of responses	Frequency	Hours	Burden
Initial Applications	13,500	1	2.5	33,700
Updates	3,400	1	1	3,400
Total Estimated Burden Hours: 37,100				

14. Explain reasons for changes in burden, including the need for any increases.

Not Applicable.

15. Collection of information to be used for statistical use.

Not applicable.

Public reporting burden for this collection of information is estimated to average 2.5 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Reports Management Officer, Office of Information Policies and Systems, U.S. Department of Housing and Urban Development, Washington, D.C. 20410-3600 and to the Office of Management and Budget, Paperwork Reduction Project (2535-0101), Washington, D.C. 20503. Do not send this completed form to either of these addressees.

Privacy Act Statement. Except for Social Security Numbers (SSNs) and Employer Identification Numbers (EINs), the Department of Housing and Urban Development (HUD) is authorized to collect all the information required by this form under section 102 of the Department of Housing and Urban Development Reform Act of 1989, 42 U.S.C. 3531. Disclosure of SSNs and EINs is optional. The SSN or EIN is used as a unique identifier. The information you provide will enable HUD to carry out its responsibilities under Sections 102(b), (c), and (d) of the Department of Housing and Urban Development Reform Act of 1989, Pub. L. 101-235, approved December 15, 1989. These provisions will help ensure greater accountability and integrity in the provision of certain types of assistance administered by HUD. They will also help ensure that HUD assistance for a specific housing project under Section 102(d) is not more than is necessary to make the project feasible after taking account of other government assistance. HUD will make available to the public all applicant disclosure reports for five years in the case of applications for competitive assistance, and for generally three years in the case of other applications. Update reports will be made available along with the disclosure reports, but in no case for a period generally less than three years. All reports, both initial reports and update reports, will be made available in accordance with the Freedom of Information Act (5 U.S.C. § 552) and HUD's implementing regulations at 24 CFR Part 15. HUD will use the information in evaluating individual assistance applications and in performing internal administrative analyses to assist in the management of specific HUD programs. The information will also be used in making the determination under Section 102(d) whether HUD assistance for a specific housing project is more than is necessary to make the project feasible after taking account of other government assistance. You must provide all the required information. Failure to provide any required information may delay the processing of your application, and may result in sanctions and penalties, including imposition of the administrative and civil money penalties specified under 24 CFR § 12.34.

Note: This form only covers assistance made available by the Department. States and units of general local government that carry

out responsibilities under Sections 102(b) and (c) of the Reform Act must develop their own procedures for complying with the Act. Instructions (See Note 1 on last page.)

I. Overview. Subpart C of 24 CFR Part 12 provides for (1) initial reports from applicants for HUD assistance and (2) update reports from recipients to HUD assistance. An overview of these requirements follows.

A. Applicant disclosure (initial) reports: General. All applicants for assistance from HUD for a specific project or activity must make a number of disclosures, if the applicant meets a dollar threshold for the receipt of covered assistance during the fiscal year in which the application is submitted. The applicant must also make the disclosures if it requests assistance from HUD for a specific housing project that involves assistance from other governmental sources.

Applicants subject to Subpart C must make the following disclosures:

Assistance from other government sources in connection with the project,
The financial interests of persons in the project,
The sources of funds to be made available for the project, and
The uses to which the funds are to be put.

B. Update reports: General. All recipients covered assistance must submit update reports to the Department to reflect substantial changes to the initial applicant disclosure reports.

C. Applicant disclosure reports: Specific guidance. The applicant must complete all parts of this disclosure form if either of the following two circumstances in paragraph 1. or 2., below, applies:

1.a. Nature of Assistance. The applicant submits an application for assistance for a specific project or activity (See Note 2) in which:

HUD makes assistance available to a recipient for a specific project or activity; or
HUD makes assistance available to an entity (other than a State or a unit of general local government), such as a public housing agency (PHA), for a specific project or activity, where the application is required by statute or regulation to be submitted to HUD for any purpose; and

b. Dollar Threshold. The applicant has received, or can reasonably expect to receive, an aggregate amount of all forms of assistance (See Note 3) from HUD, States, and units of general local government, in excess of \$200,000 during the Federal fiscal year (October 1 through September 30) in which the application is submitted. (See Note 4)

2. The applicant submits an application for assistance for a specific housing project that involves other government assistance. (See Note 5) Note: There is no dollar threshold for this criterion: any other government assistance triggers the requirement. (See Note 6)

If the Application meets neither of these two criteria, the applicant need only complete Parts I and II of this report, as well as the certification at the end of the report. If the Application meets either of these criteria, the applicant must complete the entire report.

The applicant disclosure report must be submitted with the application for the assistance involved.

D. Update reports: Specific guidance. During the period in which an application for covered assistance is pending, or in which the assistance is being provided (as indicated in the relevant grant or other agreement), the applicant must make the following additional disclosures:

1. Any information that should have been disclosed in connection with the application, but that was omitted.

2. Any information that would have been subject to disclosure in connection with the application, but that arose at a later time, including information concerning an interested party that now meets the applicable disclosure threshold referred to in Part IV, below.

3. For changes in previously disclosed other government assistance:

For programs administered by the Assistant Secretary for Community Planning and Development, any change in other government assistance that exceeds the amount of such assistance that was previously disclosed by \$250,000 or by 10 percent of the assistance (whichever is lower).

For all other programs, any change in other government assistance that exceeds the amount of such assistance that was previously disclosed.

4. For changes in previously disclosed financial interests, any change in the amount of the financial interest of a person that exceeds the amount of the previously disclosed interests by \$50,000 or by 10 percent of such interests (whichever is lower).

5. For changes in previously disclosed sources or uses of funds:

a. For programs administered by the Assistant Secretary for Community Planning and Development:

Any change in a source of funds that exceeds the amount of all previously disclosed sources of funds by \$250,000 or by 10 percent of those sources (whichever is lower); and

Any change in a use of funds under paragraph (b)(1)(iii) that exceeds the amount of all previously disclosed uses of funds by \$250,000 or by 10 percent of those uses (whichever is lower).

b. For all programs, other than those administered by the Assistant Secretary for Community Planning and Development:

For projects receiving a tax credit under Federal, State, or local law, any change in a source of funds that was previously disclosed.

For all other projects, any change in a source of funds that exceeds the lower of:

The amount previously disclosed for that source of funds by \$250,000, or by 10 percent of the amount previously disclosed for that source, whichever is lower; or

The amount previously disclosed for all sources of funds by \$250,000, or by 10 percent of the amount previously disclosed for all sources of funds, whichever is lower.

c. For all programs, other than those administered by the Assistant Secretary for Community Planning and Development:

For projects receiving a tax credit under Federal, State, or local law, any change in a use of funds that was previously disclosed.

For all other projects, any change in a use of funds that exceeds the lower of:

The amount previously disclosed for that use of funds by \$250,000, or by 10 percent of the amount previously disclosed for that use whichever is lower; or

The amount previously disclosed for all uses of funds by \$250,000, or by 10 percent of the amount previously disclosed for all uses of funds, whichever is lower.

Note: Update reports must be submitted within 30 days of the change requiring the update. The requirement to provide update reports only applies if the application for the underlying assistance was submitted on or after the effective date of Subpart C.

II. Line-by-Line Instructions

A. Part I. Applicant/Recipient Information

All applicants for HUD assistance specified in Section I.C.1.a., above, as well as all recipients required to submit an update report under Section I.D., above, must complete the information required by Part I. The applicant/recipient must indicate whether the disclosure is an initial or an update report. Line-by-line guidance for Part I follows:

1. Enter the full name, address, city, State, zip code, and telephone number (including area code) of the applicant/recipient. Where the applicant/recipient is an individual, the last name, first name, and middle initial must be entered. Entry of the applicant/recipient's SSN or EIN, as appropriate, is optional.

2. Applicants enter the name and full address of the project or activity for which the HUD assistance is sought. Recipients enter the name and full address of the HUD-assisted project or activity to which the update report relates. The most appropriate government identifying number must be used (e.g., RFP No.; IFB No.; grant announcement No.; or contract, grant, or loan No.) Include prefixes.

3. Applicants describe the HUD assistance referred to in Section I.C.1.a. that is being requested. Recipients describe the HUD assistance to which the update report relates.

4. Applicants enter the HUD program name under which the assistance is being requested. Recipients enter the HUD program name under which the assistance, that relates to the update report, was provided.

5. Applicants enter the amount of HUD assistance that is being requested. Recipients enter the amount of HUD assistance that has been provided and to which the update report relates. The amounts are those stated in the application or award documentation. **NOTE:** In the case of assistance that is provided pursuant to contract over a period of time (such as project-based assistance under section 8 of the United States Housing Act of 1937), the amount of assistance to be reported includes all amounts that are to be provided over the term of the contract, irrespective of when they are to be received.

Note: In the case of Mortgage Insurance under 24 CFR Subtitle B, Chapter II, the mortgagor is responsible for making the applicant disclosures, and the mortgagee is responsible for furnishing the mortgagor's

disclosures to the Department. Update reports must be submitted directly to HUD by the mortgagor.

Note: In the case of the Project-Based Certificate program under 24 CFR Part 882, Subpart G, the owner is responsible for making the applicant disclosures, and the PHA is responsible for furnishing the owner's disclosures to HUD. Update reports must be submitted through the PHA by the owner.

B. Part II. Threshold Determinations—Applicants Only

Part II contains information to help the applicant determine whether the remainder of the form must be completed. Recipients filing Update Reports should not complete this Part.

1. The first question asks whether the applicant meets the Nature of Assistance and Dollar Threshold requirements set forth in Section I.C.1. above.

If the answer is Yes, the applicant must complete the remainder of the form. If the answer is No, the form asks the applicant to certify that its response is correct, and to complete the next question.

2. The second question asks whether the application is for a specific housing project that involves other government assistance, as described in Section I.C.2. above.

If the answer is Yes, the applicant must complete the remainder of the form. If the answer is No, the form asks the applicant to certify that its response is correct.

If the answer to both questions 1 and 2 is No, the applicant need not complete Parts III, IV, or V of the report, but must sign the certification at the end of the form.

C. Part III. Other Government Assistance

This Part is to be completed by both applicants filing applicant disclosure reports and recipients filing update reports. Applicants must report any other government assistance involved in the project or activity for which assistance is sought. Recipients must report any other government assistance involved in the project or activity, to the extent required under Section I.D.1., 2., or 3., above.

Other government assistance is defined in note 5 on the last page. For purposes of this definition, other government assistance is expected to be made available if, based on an assessment of all the circumstances involved, there is reasonable grounds to anticipate that the assistance will be forthcoming.

Both applicant and recipient disclosures must include all other government assistance involved with the HUD assistance, as well as any other government assistance that was made available before the request, but that has continuing vitality at the time of the request. Examples of this latter category include tax credits that provide for a number of years of tax benefits, and grant assistance that continues to benefit the project at the time of the assistance request.

The following information must be provided:

1. Enter the name and address, city, State, and zip code of the government agency making the assistance available. Include at least one organizational level below the agency name. For example, U.S. Department

of Transportation, U.S. Coast Guard; Department of Safety, Highway Patrol.

2. Enter the program name and any relevant identifying numbers, or other means of identification, for the other government assistance.

3. State the type of other government assistance (e.g., loan, grant, loan insurance).

4. Enter the dollar amount of the other government assistance that is, or is expected to be, made available with respect to the project or activities for which the HUD assistance is sought (applicants) or has been provided (recipients).

If the applicant has no other government assistance to disclose, it must certify that this assertion is correct.

To avoid duplication, if there is other government assistance under this Part and Part V, the applicant/recipient should check the appropriate box in this Part and list the information in Part V, clearly designating which sources are other government assistance.

D. Part IV. Interested Parties

This Part is to be completed by both applicants filing applicant disclosure reports and recipients filing update reports.

Applicants must provide information on:

(1) All developers, contractors, or consultants involved in the application for the assistance or in the planning, development, or implementation of the project or activity; or

(2) Any other person who has a financial interest in the project or activity for which the assistance is sought that exceeds \$50,000 or 10 percent of the assistance (whichever is lower).

Recipients must make the additional disclosures referred to in Section I.D.1., 2., or 4., above.

Note: A financial interest means any financial involvement in the project or activity, including (but not limited to) situations in which an individual entity has an equity interest in the project or activity, shares in any profit on resale or any distribution of surplus cash or other assets of the project or activity, or receives compensation for any goods or services provided in connection with the project or activity. Residency of an individual in housing for which assistance is being sought is not, by itself, considered a covered financial interest.

The information required below must be provided.

1. Enter the full names and addresses of all persons referred to in paragraph (1) or (2) of this Part. If the person is an entity, the listing must include the full name of each officer, director, and principal stockholder of the entity. All names must be listed alphabetically, and the names of individuals must be shown with the last names first.

2. Entry of the Social Security Number (SSN) or Employee identification Number (EIN), as appropriate, for each person listed is optional.

3. Enter the type of participation in the project or activity for each person listed: i.e., the person's specific role in the project (e.g., contractor, consultant, planner, investor).

4. Enter the financial interest in the project or activity for each person listed. The interest

must be expressed both as a dollar amount and as a percentage of the amount of the HUD assistance involved.

If the applicant has no persons with financial interests to disclose, it must certify that this assertion is correct.

5. Part V. Report on Sources and Uses of Funds. This Part is to be completed by both applicants filling applicant disclosure reports and recipients filing update reports.

The applicant disclosure report must specify all expected sources of funds—both from HUD and from any other source—that have been, or are to be, made available for the project or activity. Non-HUD sources of funds typically include (but are not limited to) other government assistance referred to in Part III, equity, and amounts from foundations and private contributions. The report must also specify all expected uses to which funds are to be put. All sources and uses of funds must be listed, if, based on an assessment of all the circumstances involved, there are reasonable grounds to anticipate that the source or use will be forthcoming.

Note that if any of the source/use information required by this report has been provided elsewhere in this application package, the applicant need not repeat the information, but need only refer to the form and location to incorporate it into this report. (It is likely that some of the information required by this report has been provided on SF 424A, and on various budget forms accompanying the application.) If this report requires information beyond that provided elsewhere in the application package, the applicant must include in this report all the additional information required.

Recipients must submit an update report for any change in previously disclosed sources and uses of funds as provided in Section I.D.5., above.

General Instructions—sources of funds.

Each reportable source of funds must indicate:

A. The name and address, city, State, and zip code of the individual or entity making the assistance available. At least one organizational level below the agency name should be included. For example, U.S. Department of Transportation, U.S. Coast Guard; Department of Safety, Highway Patrol.

b. The program name and any relevant identifying numbers, or other means of identification, for the assistance.

C. The type of assistance (e.g., loan, grant, loan insurance).

Specific instructions—sources of funds.

(1) For programs administered by the Assistant Secretaries for Fair Housing and Equal Opportunity and Policy Development and Research, each source of funds must indicate the total amount approved and received; and must be listed in descending order according to the amount indicated.

(2) For programs administered by the Assistant Secretaries for Housing—Federal Housing Commissioner, Community Planning and Development, and Public and Indian Housing, each source of funds must indicate the total amount of funds involved, and must be listed in descending order according to the amount indicated.

(3) If Tax Credits are involved, the report must indicate all syndication proceeds and equity involved.

General instructions—uses of funds.

Each reportable use of funds must clearly identify the purpose to which they are to be put. Reasonable aggregations may be used, such as "total structure" to include a number of structural costs, such as roof, elevators, exterior masonry, etc.

Specific instructions—uses of funds.

(1) For programs administered by the Assistant Secretaries for Fair Housing and Equal Opportunity and Policy Development and Research, each use of funds must indicate the total amount of funds involved; must be broken down by amount committed, budgeted, and planned; and must be listed in descending order according to the amount indicated.

(ii) For programs administered by the Assistant Secretaries for Housing-Federal Housing Commissioner, Community Planning and Development, and Public and Indian Housing, each use of funds must indicate the total amount of funds involved and must be listed in descending order according to the amount involved.
